

Installation Guide :

- ❖ Install 3.7.4 or later stable version
- ❖ Then install packages...
 - pip install selenium
 - pip install bs4
 - pip install xlswriter
 - pip install opencv-python
 - pip install numpy
 - pip install pytesseract
 - pip install lxml
- ❖ Install [tesseract-ocr-w64-setup-v5.0.1.20220118.exe](#) , but not change default installation location

Important Note: Your **Chrome** version & your **driver** (chromedriver_win32/chromedriver.exe)

version must be the same.

Then,

1. Disable automatic update of your chrome browser
2. Off your PC/Laptop Bluetooth
